Introduction and Formation of TSI: During the National Conference in April 2001 the participants resolved to form a scientific society dedicated to Telemedicine awareness at national level and carry out annual scientific event pending a formal registration, thus the Telemedicine Society of India (TSI) was born. The society got formally registered in 2006 at Lucknow having its registered office at School of Telemedicine & Bio-informatics (STBMI), 02nd Floor, Room No. 303, Sanjay Gandhi Postgraduate Institute of Medical Sciences (SGPGIMS). Considerable progress has been made over last more than a decade. The society had its First to thirteen Annual conferences at Lucknow(2002), New Delhi (2006), Chennai (2007), Chandigarh (2008), Pune (2009), Bhubaneswar(2010), Mumbai (2011), Coimbatore(2012), Jaipur (2013), Bhopal (2014), Kolkata (2015), Bengaluru (2016), Pune (2017), Vijayawada (2018), NCR Delhi (2019), Tamil Nadu (2020), Uttar Pradesh (2021), Kerala (2022) and Goa (2023) respectively. Thus, covering each and every region of country.

Organization Vision: Leverage use and implementation of Information and Communication Technologies to create and deliver anytime, anywhere healthcare services that increase accessibility, safety, security and sustainability of healthcare services in preventive, promotive, curative, emergency, ICU, palliative and rehabilitation domains to meet the emerging needs of healthcare infrastructure, in public and private arenas.

Mission Statement: Make Tele-Health the new normal for affordable access to universal healthcare in a connected and comprehensive healthcare ecosystem linking even the most remote rural population to District, State, National and International Centres of Healthcare Excellence.

Objectives

- To promote and encourage development, advancement and research in the field of Telehealth & its associated fields.
- To encourage and promote application of technology in clinical care, education and research in the health sector.
- Fostering networking & collaboration among stakeholders in telehealth technology and professionals from different streams of science, engineering, health care providers, policy makers, NGOs and industry. To host and conduct meetings, and similar events to evangelize the practice of telemedicine and towards promotion & capacity building.
- To promote training of students, health professionals, research faculty and technicians in various aspects of telemedicine. Also, to synchronise with academic institutions and statutory and regulatory bodies.
- Spearheading the development of appropriate clinical and industry policies, protocols and standards.

Benefits of becoming a Member of TSI

- Becoming a member of a profession society to learn, work, expand, promote and spearhead Telemedicine/Telehealth/DigitalHealth in India and also discharge duties as a true Indian.
- Learning about the developments and advances in Technical and Medical areas related to Telemedicine-Hardware, Software, IT, Applications and Medical Specialisations using Telemedicine and also learning about their sources and importantly from the TSI members.
- Corporate/Start-up corporate members to Promote their products/Services and enlist new members or service providers for their services/hardware. They can increase the user base.
- TM members can know the sources
- Contest elections (as per eligibility) and lead TSI activities in their state/National Level.
- TSI members will get around 10% discounts in the registration fee of Telemedicon conference and all other events conducted by TSI.
- They can participate in all the monthly and frequent webinars planned and organized by TSI and all state chapters free of charge.
- Can become a resource person to deliver lectures/ spread the knowledge as required.
