

Memorandum of Understanding between the Armenian Association of Digital Health (AADH) and the Telemedicine Society of India (TSI)

Proposal

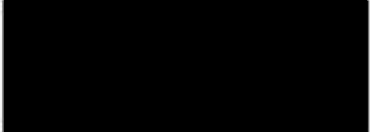

2 July 2024

The Telemedicine Society of India (TSI) and Armenian Association of Digital Health (AADH), represented by their respective authorized representatives namely the President of the TSI and the President of the AADH have agreed to implement the following activities in 2024-2025 to develop their relations. TSI and AADH will be referred to jointly as Parties, and individually as a Party.

1. The two associations are willing to provide complimentary registration to members of each association to participate in other association events.
2. The AADH is inviting TSI to be a supporting organization in DigiHealth Day organized in Germany in November each year.
3. The two associations are willing to organize joint webinars.
4. The two associations are willing to provide opportunities for internship in both countries.
5. The two associations are willing to promote trade opportunities between countries for startup and companies in digital health.
6. The two associations are willing to conduct joint research activities.
7. The two associations could engage with one another, to support policy advocacy and awareness related work across the countries of their domicile, and at a global level.
8. The two associations are willing to organize or participate as expert members/ faculty, of developing curriculum in academic programs such as Master programs
9. The two associations are willing to facilitate collaboration between hospitals and healthcare provider organizations.
10. This MOU has no financial commitment attached to it.
11. This MOU will be signed on site during one of the conferences, which is attended to by the authorized representatives of both the Parties.
12. One of the first activity of the MOU could be to organize a joint webinar.
13. This MOU does not create any binding obligations on either Parties to enter into further negotiations or agreements and does not have any exclusivity obligations on either of the Parties.
14. Any material or work shared between the Parties, shall not involve or mean to be transmission of intellectual property rights in favor of the receiving Party, and any rights, title and interests in such material or work provided by one Party shall continue to be the exclusive property of such Party.

15. A definitive MOU will be drafted and executed between the Parties at such later date of mutual convenience, which would provide greater details of engagement.
